

More Explanations to the Dear Referee

Dear Referee,

I would like to thank you for your kind attention to my manuscript (entitled “A Characterization For Fuzzy Normed Linear Spaces and Its applications.”) and the required review on the comments given.

I would like to inform you of the following changes taken place in the paper:

*) All grammatical errors, mentioned on the report, modified as follows:

1) In page 1, line 8: example → examples

2) In page 1, line 18: Based on this theorem → Based on this theorem,

3) In page 1, line 18: possible to rewrite again some ... → possible to rewrite some ...

4) In page 1, line 23: Also the two examples are given and proven → Also two examples are given and proved.

5) In page 4, line 16: We now ready to ... → Now we are ready to

6) In page 5, line 25: and for see details see... → and for seeing details see..

7) In page 6, line 12: We give example shows that all ... → We give example which shows all ...

8) In page 6, line 13: set which satisfying in ... → set satisfying in ...

9) In page 6, line 14: Our guess is that the linear → We guess the linear

10) In page 8, line 2: fixed point theorems also establish → fixed point theorems are also established

11) In page 9, line 27: We are rewriting Theorem ... → We rewrite Theorem ...

*) The definitions of the manuscript reduced and some other Theorems and Propositions changed as follows:

1) In pages 2 and 3, definitions 2.2, 2.6 merged.

2) In page 3, Theorem 2.4, is expressed in descriptive form.

3) In page 3, Propositions 2.5, 2.6, are expressed in descriptive form.

4) In page 3, definitions 2.4, 2.7, 2.8 are merged.

5) In page 3, definitions 2.9, is expressed in descriptive form.

4) In page 3, definitions 2.4, 2.7, 2.8 are merged.

4)In page 4, definition 2.10 and proposition 2.8 and Theorem , are expressed in descriptive form.

Looking forward to hearing from you.

Faithfully yours,

Hossain Alizadeh Nazarkandi
